07/13/2020

Update to the practices we have implemented, and continue to follow during this time of pandemic.

Your safety is our priority. Our employees are wearing face masks or coverings to protect you. Thank you to everyone for doing their part to keep everyone safe.

Steps that we are taking to give you the best shopping experience.

- Limiting the number of customers in the showroom.
- All employees are using face masks or coverings which we are providing. All customers are asked to wear face masks or coverings, and disposable face masks are available at entrances to the showroom.
- Requiring employee temperature checks and health screens.
- Installation of protective barriers at check-out locations.
- Cleaning and sanitizing at regular intervals.
- Hand sanitizer available throughout the showroom, along with a hand washing area.

Steps that we are taking to make sure employees working in the field are protecting you and themselves.

- Employees are using face masks or coverings while inside a business or retail establishment, while waiting in line to enter a business or retail establishment, or while in any indoor public space in which it is difficult to maintain a physical distance of at least six (6) feet or while in outdoor public spaces in which they cannot maintain a physical distance of at least six (6) from others, unless health reasons or safety conditions prevent it.
- Requiring employee temperature checks and health screens.
- Washing hands frequently with hand sanitizer and/or with soap and water.
- Cleaning and sanitizing mobile technology tools, and company vehicles at regular intervals.

Thank you.
